

Script for President Blakeney and President Boatman Telephone Message

Barbara: This is Barbara Blakeney, president of the American Nurses Association...

Joanna: ...And Joanna Boatman, president of the Washington State Nurses Association...

Barbara: ...asking you to protect nurses from back injuries by voting "NO" on ballot initiative I-841 on November 4th.

Joanna: Back injuries affect one-third of all nurses. That's why strong state legislation was passed in 2000 to protect them.

Barbara: But now, BIG BUSINESS is trying to erase this law – just before it goes into effect.

Joanna: Please Vote 'NO' on this shameful I-841 scheme...

Barbara: ...and help nurses protect their backs and their safety. Thank you.
